 - c. We set this up FIRST
3. Dining Area
 - a. Tables and stoves & gas
 - b. Food in totes (animal proof and dry) and coolers
 - c. Drinks in another cooler (so food stays cold)
 - d. Block ice available at American Ice on Page Blvd will last weekend or longer with 5 day cooler
 - e. Either bottles of water OR 5 gallon water cooler (we use bug juice/lemonade)
 - f. Set up Beastie and start boiling water
4. Setting up a tent
 - a. Explain the footprint (or bottom tarp)
 - b. Show how one of our tents go up (team work)
 - c. Explain the steps along the way
 - d. Keeping personal items in trash bags will keep them extra dry in rain or wetness
 - e. (In case of rain, tents can be put up under dining canopy and then walked into position making a dry way to put it up)
5. Sleeping Area
 - a. Sleeping bag good for 10 degrees colder than predicted!
 - b. Self inflating air mattress
 - c. Extra sleeping bag or blankets
 - d. Space Blanket (\$13 at Cabalas)
 - e. Wet Ones or similar when bathing is not an option
 - f. Designated area for shoes to keep inside of tents clean
6. Barf Bag aqua Eggs in a Bag
 - a. Zip lock bags - label with name
 - b. Crack 2 eggs into bag
 - c. Add veggies, cheese or other
 - d. Mush together
 - e. Drop into water and let boil for 15+ minutes
 - f. Eggs are ready when they are not drippy

g. Eat out of bag or place in mess kit

7. Clean up Dining Area

- a. Beware of HOT water or cooking surfaces
- b. Industrial grade trash bags are nearly rip proof
- c. Make sure GAS at tank is turned OFF

8. Tear Down
